

As Tides Change,  
Global Care Force  
Remains Steady  
and Ready to Serve.

# Saving Lives Through Compassionate Care

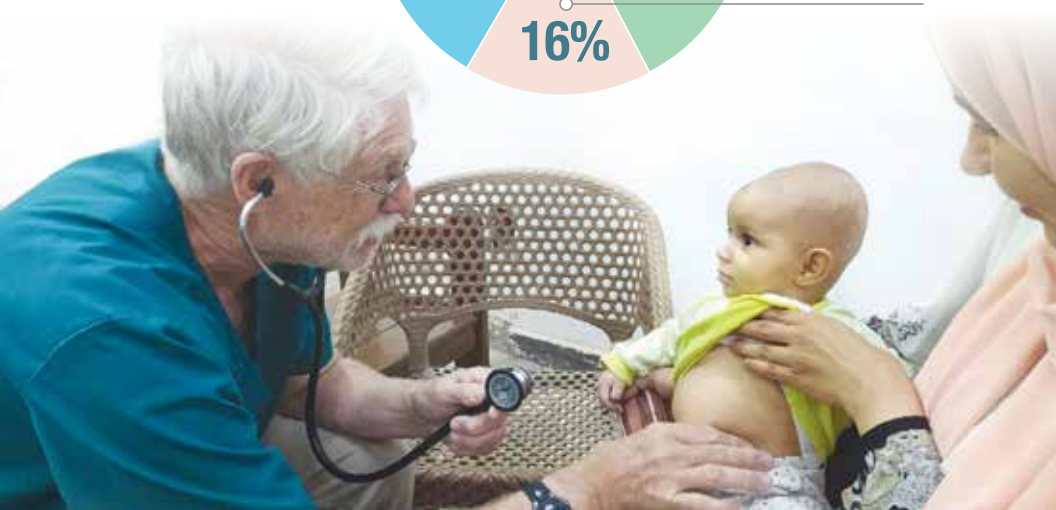

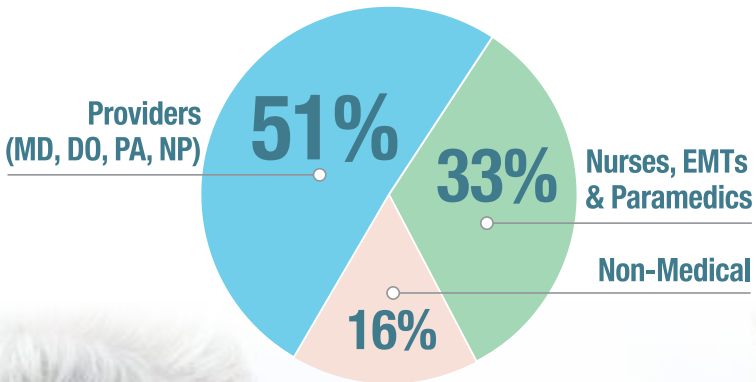

As life's tides ebb and flow, Global Care Force volunteers are there for people at their lowest, a wave rolling in to lift them up.

In 2024, volunteers delivered compassionate care across four continents. In Ukraine, ongoing war makes the monthly return of volunteers and free medications a vital lifeline.

In Egypt, a humanitarian crisis leaves millions, including refugees displaced by conflict, with health care needs unmet.

In the U.S., volunteers cared for migrants, asylum seekers and individuals experiencing homelessness with empathy and kindness in El Paso, Texas, and Gallup, New Mexico. Through serving, volunteers are transformed as they remind those they help that they matter and are not forgotten.

## Our Volunteers:

*“ My second deployment to Ukraine was more powerful and humbling. The support team in Ukraine began to feel like family and at the start of the second trip, I knew I would be signing up for a third.”*

— Leanna Stoufer, Ukraine

*“ Thank you very much for the great work you are doing amid the refugee crisis. Refugees and Egyptians are indeed in dire need of medical care, and many have asked when the volunteers will return. Numerous patients have shared stories of their recovery from illness, thanks to God and your wonderful volunteers.”*

— Emmanuel Issa,  
Emmanuel School, Cairo, Egypt

*“ Serving with the Missionaries of Charity Sisters in Gallup had a major impact on me. They taught me it’s not about how much you do, but the heart in which you do it.”*

— Ronnie Goodson,  
Gallup, New Mexico

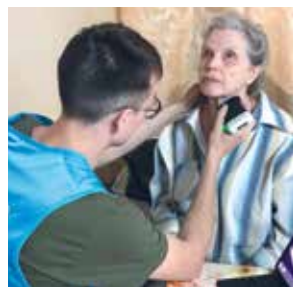

*“ Global Care Force has my deepest gratitude for their invaluable contributions in providing essential medical aid and support to people displaced by the war and the community in challenging times.”*

— Serhii Tyschenko,  
First Deputy Mayor, Cherkasy, Ukraine

*“ The doctor examined my wife and recommended more tests. The tests found a serious disease and the need for surgery. The Global Care Force doctors saved her life because without their exam, we would not have known she was so ill.”*

— Ukrainian Patient

# Saving Lives Through Compassionate Care

*The purpose of Global Care Force is to transform lives through volunteerism.*

## Relief and Hope Provided to **OVER 80 COMMUNITIES**

Thousands of people from Colombia, El Salvador, Egypt, Haiti, Honduras, Sudan, Turkey, Venezuela, and Ukraine found relief and hope at our medical clinics.

Many fled violence, poverty, and injustice in their homelands. Our volunteers addressed acute and chronic health challenges with compassion and respect for all cultures and faiths.

Global Impact in 2024: 10,331 Volunteer Hours • 4,978 Persons

Beyond physical healing, the care received is a powerful reminder that they are valued and not forgotten, even in the face of uncertain futures.

*For many, our medical clinics provide the only access to medical services and essential medications, all offered completely free of charge.*

## Message from Our Founder

Gary Morsch, MD, MPH

*I believe access to healthcare is a fundamental human right and the unfortunate reality is that millions of people around the world do not have access to the healthcare they deserve. That's why Global Care Force exists - we fill that gap and have saved countless lives for the past five years.*

*In 2024, our extraordinary volunteers served thousands of men, women and children in unimaginable circumstances with compassion and respect, providing hope during darkness while igniting a transformation in their own lives.*

*Our global footprint extended to a fourth continent with our service in Egypt thanks to new partnerships and a growing network of dedicated volunteers with a heart to serve.*

*We continue to forge meaningful connections between our volunteers and organizations in underserved communities, and I am excited to see our global reach extend even further.*

*Like a rising tide lifting all boats, the generosity of our donors and volunteers uplifts those at their lowest moments. Together, we create waves of change that transform lives.*

A handwritten signature in black ink that reads "Gary". The signature is stylized and cursive.

*With gratitude,  
Gary Morsch, MD, MPH  
Founder and Executive Chairman*
